

BARTON

BESPOKE

Exceptional Bespoke Furniture
Made in Britain

A misty, rolling landscape in England. The scene features green hills with scattered trees, some of which are bare, suggesting autumn or winter. The atmosphere is hazy and soft, with mist or low clouds filling the valleys and clinging to the slopes. The lighting is warm and golden, creating a serene and atmospheric mood. The text is centered over the middle of the image.

In the heart of England, our
expert team turns the ideas of
architects and designers into
reality. Crafting luxurious
furniture made to order and hand
finished by skilled craftspeople.

YOUR FACTORY PARTNER FOR HOSPITALITY AND DESIGN

Barton Bespoke is a family business founded by husband and wife team James & Rebecca Lorimer, based in Long Eaton, Derbyshire.

The original factory has been operating since 1930 and specialises in luxury furniture for both commercial and residential projects, from single pieces to full interior schemes.

We collaborate with architects and designers to create high-quality, bespoke indoor & outdoor furniture.

Everything is conceived, engineered and produced at our facility in the UK. Each commission takes shape in our design studio before being passed to our skilled craftspeople, who then work to build exquisite pieces.

WHAT WE MAKE

Banquettes and Booths

Sofas and Armchairs

Upholstered Bedroom Furniture
and Headboards

Dining Chairs and Tables

Barstools and Counter Seating

Outdoor Furniture

MADE FOR DESIGNERS, PROCUREMENT AND FF&E TEAMS

CUSTOMISATION - Your existing designs can be adapted in size, finish, fabric and specification to suit any project.

FULLY BESPOKE - We can work with you to create new furniture developed from drawings, specifications or project briefs, with technical input from our design and production teams.

SOURCING - Drawing on an extensive supplier network, our team can source fabrics, materials and finishes to realise your design vision and meet the precise requirements of each project.

UK PROTOTYPING - Prototype pieces can be produced, reviewed and refined before committing to full production.

COMMERCIAL QUANTITIES - Our flexible production supports one-off bespoke pieces, individual suites and larger repeat project requirements.

QUALITY CONTROL - With machining, joinery, finishing and upholstery managed in-house, we maintain close control over quality throughout production.

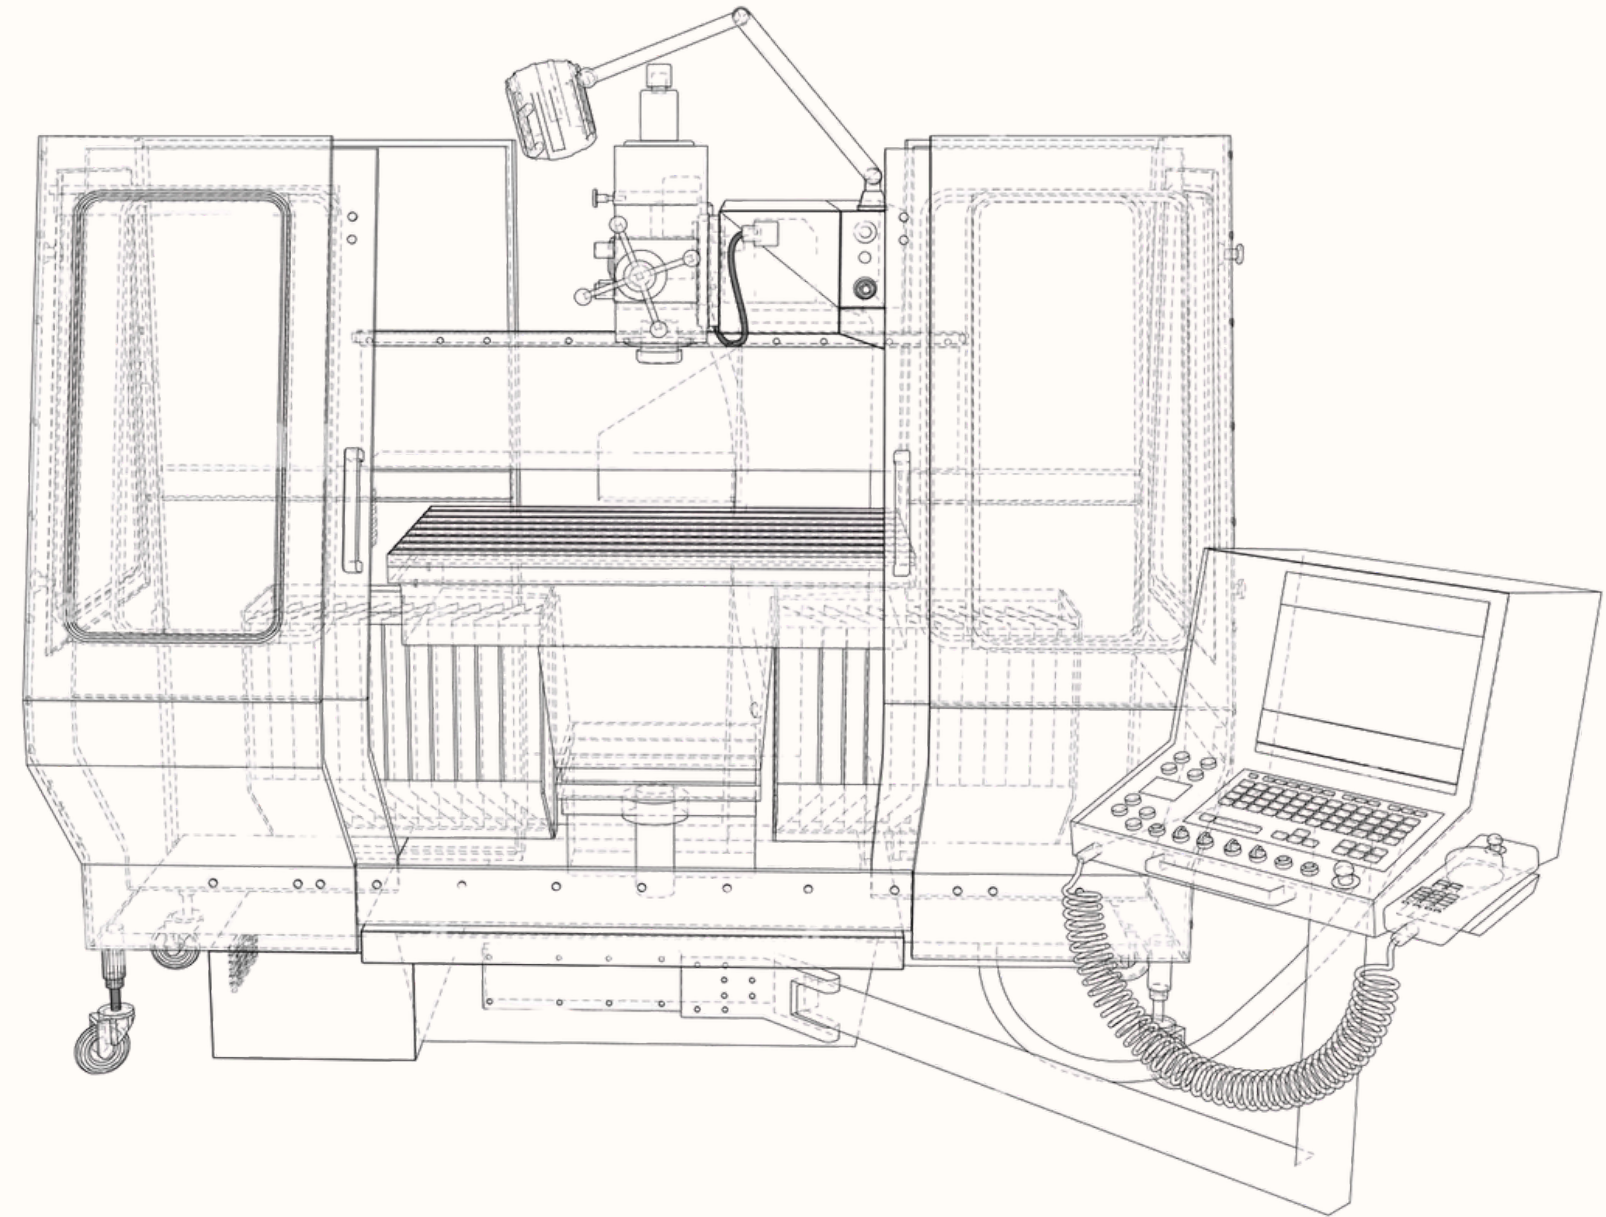

PROJECT DELIVERY - Furniture can be coordinated through to final delivery, with kerbside or white-glove transport available where required

OUR FACTORY'S CAPABILITIES AT A GLANCE

Our 130,000 square foot factory brings every stage of production together:

- Production capability of 100-150 pieces per week
- Prototyping, sampling and small batch runs
- In house frame making, assembly and finishing
- 3, 4 and 5 axis CNC machining for complex frames and repeat precision
- Lectra fabric cutting for accurate, efficient upholstery
- Upholstery studio and pattern development

COMFORT AND PERFORMANCE

- Frames engineered for demanding hospitality environments.
- Foams, springs and webbing specified for comfort and longevity.
- Stitching, seams and detailing designed for high-traffic spaces.
- Options for stain-resistant and contract-grade fabrics and finishes.
- Climate-tested materials for consistent performance worldwide.
- Quality controlled at every stage.

OUR PROCESS

1

Brief

Drawings, sketches or moodboards shared and reviewed.

2

Development

Shop drawings produced, materials advised and reviewed.

3

Prototype

Sample piece built, tested and adjustments agreed.

4

Production

Frames cut, assembled, upholstered and finished.

5

Delivery

Furniture wrapped, labelled by area and delivered to site.

OUR COMMITMENT TO SUSTAINABILITY

BUILT TO LAST, DESIGNED TO BE
RENEWED

Durable frames designed for multiple reupholstery cycles.

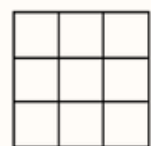

Reupholstery programs to refresh existing furniture in phases.

Waste reduction through precise CNC and digital cutting.

Local manufacturing in Britain to reduce shipping impact.
